## WORK EXPERIENCE

### Senior iOS Developer

Modus Create

07/2022 - Present

Remote, Pakistan

- Working as a remote iOS Developer at Modus Create, an international organization headquartered in the United States.
- Responsible for the development of Alamo Drafthouse iOS App, which has 300K+ downloads.
- Implemented MVVM architecture and the coordinator pattern in the app.
- Converted 70% of screens and views to SwiftUI, reducing crashes and improving app performance, which led to 17% increase in new users.
- Wrote Unit Tests to ensure app quality and stability, because of code refactor.
- Implemented Fastlane, which significantly reduces build upload time by 75%.
- Implemented ADA-compliant accessibility features for disabled persons, which have led to a 10% increase in new users.
- Utilized Firebase Remote config to push new changes to App without releasing it.
- UIKit, SwiftUI, Combine, Async-await, MVVM, SPM, CocoaPods, Fastlane.

### iOS Developer

Buzzware Tech Private Limited

01/2021 - 07/2022

Islamabad, Pakistan

- Developed Smart Tracker iOS app from scratch for Vodafone Qatar.
- Added device tracking and smart bulb functionality.
- Implemented live vehicle tracking using SignalR.
- Implemented push notifications, allowing users to keep track of their vehicles.

### Android & iOS Developer

Fiverr.com

11/2018 - 12/2020

Abbottabad, Pakistan

- Created Android version for 'Flikshop', which has over 50K downloads.
- Created Android version for 'Military Money: Pay & Pension', which has over 5K downloads.
- Updated UI design for 'MamaZen' iOS app, which has over 10K downloads.
- Worked with over 40 clients on various small and large-scale Android and iOS projects.

---
